

Height (cm): 78
Shade diameter (cm): 19
Tube diameter (cm): 9

Hunt

Item number: 45448001 White
EAN: 5701581395084

Packaging unit 3
Material: Aluminium/PCA
IP44, Class 2 (Double isolated), 230V
E27, Max. 15W, Light source not included
Parallel connection true

Area: Outdoor

The associations to both lunar and solar eclipses, or perhaps endless starry nights, are obvious when the light comes on in the Hunt garden lamp. The metal cast lamp consists of a perforated top which allows dots of light to pass through it – almost like a starry sky. Through the lower part of the top, which is made of opal plastic, the light falls generously beneath the lamp. With the Hunt garden lamp, designers Bjørn + Balle created a beautiful addition to the Hunt wall lamps.
