Brassy

Item number: 46301001 White
EAN: 5701581398085

Packaging unit 3
Material: Metal/Plastic
IP20, Class 2 (Double isolated), 230V
Cord: 180 cm, White
Can the cable be replaced? False
E27, Max. 25W, Light source not included

Area: Indoor

"Take a piece of paper and a pencil, draw a line" – According to designer Bønnelycke mdd, Brassy was designed in one go. Based on the classic architectural lamp, combined with workshop-like brass details, a unique design is achieved, where the simple and the robust complement each other in the finest possible manner. A comfortable light surface has been created by inserting an opal screen under the light source, resulting in a powerful and beautiful lighting.
