

Height (cm): 7
Projection (cm): 6
59.5

IP S16

Item number: 84531033 Chrome
EAN: 5701581341081

Packaging unit 3
Material: Metal/Plastic
IP44, Class 2 (Double isolated), 230V
LED MODUL, Light source incl. 7w+9w led

Area: Indoor

Lightsources info (pr. lightsource)

Lumen: 1100
Lumen/Watt: 80
Lifetime: 20000
On/Off: 8000
Colour temperature: 3000K
RA: 80
Beam angle: 120°
Dimmable: Yes

A good solution in the bathroom can also be a great choice for other rooms. IP S16 is created for bathroom use and can therefore withstand moisture and water. The long shade sends a genuine ocean of light down onto the selected area of focus, whether it is in the bathroom, over the kitchen table or placing focus on your favourite painting in the living room – why not use wet-room light in the rest of the house? With the included linkage you can even extend the IP S16 indefinitely, so if a six-metre-long wall light is your desire, then the IP S16 is the solution. Design by Bønnelycke MDD.
